FATLUM REXHEPI

BSC COMPUTER SCIENCE | SOFTWARE DEVELOPMENT & UI | EFFICIENT DIGITAL SOLUTIONS

076 449 89 56 | refatlum@gmail.com | LinkedIn | GitHub | fatlumrexhepi.ch

Computer Science student (BSc, University of Zurich) in the third semester with a focus on **Python, web technologies, UI and efficient workflows.** I develop digital solutions and combine technical problem-solving with business thinking and a clear user perspective. I am particularly interested in **intuitive user interfaces, well-structured software and efficient processes that create tangible value.** I use modern AI and coding tools strategically to optimize development processes.

EDUCATION

University of Zurich — *Zurich, Switzerland*
BSc Computer Science — *Sep 2025 - present*
Major: Software Systems | Minor: Information Systems
• Selected grades: People-Oriented Computing **5.5/6.0**, Computer Science and Business **5.0/6.0**, Mathematics II **5.0/6.0**, Statistics **5.0/6.0**, Business Administration I **5.0/6.0**, Business Administration II **5.0/6.0**.

Kantonsschule Baden — *Baden, Aargau*
Swiss Matura — *Aug 2021 - Jul 2025*
Major Subject: Economics and Law | Minor Subject: Computer Science
• Selected grades: Computer Science **5.5/6.0** (subject grade), Economics and Law **5.5/6.0** (Business Administration, Marketing & Accounting).

PROFESSIONAL EXPERIENCE

Sep 2026 - present — **LoliT** — *Baden / Hybrid*
Web Developer / UI Designer - Client Projects
• Manage client projects from requirements through final implementation, covering UI, development and ongoing improvements.
• Use AI-assisted development tools and coding agents to improve workflow efficiency and output quality.

Sep 2025 - present — **Lernakademie Oase** — *Spreitenbach*
Tutor - Focus: Mathematics
• Teach advanced mathematics clearly and structurally, adapting learning strategies to individual needs.
• Supported several students in significant performance improvements, including transitions from Sek B to Sek A and positive teacher feedback highlighting clear and measurable progress.

Jul 2024 - Dez 2024 — **Wonder Waffel** — *Spreitenbach*
Customer Service Associate - Part-time
• Supported customers and daily operations in a fast-paced environment, staying reliable, organized and solution-oriented under pressure.

Jan 2024 - Jul 2024 — **Kantonsschule Baden** — *Baden*
Teaching Assistant - Chagall Support Program
• Worked as the youngest team member alongside three qualified teachers and adapted flexibly to different working styles.
• Encouraged structured work and personal responsibility and was actively sought out by students for support.

Nov 2023 - Jul 2024 — **Pandora** — *Spreitenbach*
Sales Advisor / Acting Store Manager - Part-time
• Managed the store independently for one week, taking full responsibility for customer service and operational decisions.
• During that week, the Pandora store in Spreitenbach achieved record revenue and record sales.

SKILLS & LANGUAGES

Software & Web: Python (OOP), JavaScript, TypeScript, HTML/CSS, SQL/SQLite, Flask, SQLAlchemy, JSON
Development & AI: Git, GitHub, GitLab, Pytest, Anaconda, Coding Agents, Automation and Workflow Optimization
Business & UX: Microsoft 365, Adobe Creative Cloud, Figma, UI/UX-Design, Customer Communication, Analytical Thinking
Languages: German (C2), English (C2), Albanian (C2), French (B2), Arabic (B2)
Certificates: Cambridge C2 Proficiency, Codecademy Python & OOP, Scrimba JavaScript, Scrimba Full Stack Developer Path (laufend)

SELECTED PROJECTS

Numra - Finance Tracker — *Python | Flask | SQLAlchemy | SQLite*
• Developed a finance tracker with Flask, SQLAlchemy and SQLite, including CRUD functionality, categories and monthly balance carry-forward, with a focus on backend logic and data structure.

JobOS - Job Process Manager (in progress) — *HTML | CSS | JavaScript | JSON | Git*
• Developing an interface for application statuses and next steps, focused on clear UX and efficient workflows.

Atlas - Personal Portfolio — *HTML | CSS | JavaScript | Git*
• Designed, developed and published fatlumrexhepi.ch as a responsive website using JavaScript and Git.
